Downtown

Danville this Spring

Downtown offers thriving community

DDI Executive Director
Dana Schaumburg

This year's conference took place in Des Moines, Iowa, with the theme of "Grow Your Main Street".

As an Illinois Main Street community, Downtown Danville, Inc. follows the Main Street philosophy focusing on business retention and recruitment, preserving history and celebrating our uniqueness as a downtown.

One of the most interesting things about attending a conference or training in another town is to see what other downtowns are doing. It

was good to see and hear that we already are doing some of the things necessary to grow a thriving downtown area.

I look forward to adding to that as we look at long-term planning for our downtown area.

And mark your calendars for the following upcoming events:

- Wednesdays and Saturdays: Downtown Danville Farmers' Market starting at 7 a.m. at Danville Public Library.

As I write this, I have lots of ideas whirling around in my head.

That is because I just returned from the annual National Main Streets Conference that is put on by the National Trust For Historic Preservation.
