**ON DOWNTOWN DANVILLE** *For the last 15 years, we have enjoyed doing business at 147 N. Vermilion in Downtown Danville. The diversity of businesses downtown make it an interesting location to be a part of. People that shop downtown are looking for more than the ordinary shopping experience. These are the things we strive to give, blended with honesty and friendliness. Our customers expect nothing less from us. They are our friends and we are thankful for everyone of them. We love it downtown!*

There's music in the streets and new shops, new business and new energy everywhere. Thanks to Bruce and Patricia and other members of Downtown Danville, the plan for an exciting downtown is becoming a reality right before our eyes. But don't take our word for it...come see for yourselves.
