*I'm Downtown Because: "Downtown is a valuable asset to the City of Danville and I opened my business here because I wanted to do my part in helping the downtown grow".*

### **ON DOWNTOWN**

**DANVILLE** *I have very fond memories of downtown. As a child and young adult much of my time was spent downtown. I can remember when the street cars ran up and down Vermilion Street. On Monday nights the big stores would stay open until 8:00 pm. Mondays we would come downtown to shop and see a movies either at the Palace Theatre or the Fischer Theatre.*

There's music in the streets and new shops, new business and new energy everywhere. Thanks to Tracy and other members of Downtown Danville, the plan for an exciting downtown is becoming a reality right before our eyes. But don't take our word for it...come see for yourselves.
